

“MOTIVATION is what gets you started.

HABIT is what keeps you going”

Quote: Jim Rohn

We know that children acquire skills and knowledge by doing, practicing and learning from experience.

All our kits are based on the idea that ...

I have a dollar. Teach me. Show me. Watch me.

TEACH THEM four quarter\$ kits support children of all ages and learning styles. By following the strategies and techniques outlined in our "How to" books, children will learn the habits of good money management and effective organizational skills. The instructions are easy to follow. The action steps are easy to take.

SHOW THEM The colourful diagrams, graphs and charts provide clear visuals and a "hands-on" approach to learning as they track their money choices.

WATCH THEM They will begin right away to gain confidence and knowledge and put into practice what they are learning about making informed choices regarding their money. By following the steps in the kit your children will achieve financial well being and you will gain peace of mind when you see this happening.

OUR KITS Each kit is a money management and organizational tool. The manuals provide an easy to follow, step-by-step process that encourages good money management habits.

four quarter\$ kids has been specifically designed to promote and teach effective money management skills to children grades 1 to 4. When they use this kit they will learn about themselves, how to make good choices about spending and giving, how to look after their money and how to save. The kids kit is easy to follow and fun to use.

four quarter\$ teens is for children grades 5 to 9. It builds on the same learning strategies as the kids kit encouraging teens to become increasingly aware of how to set and attain goals around managing their money. They continue to create and use good money management habits. The teen kit also introduces more sophisticated organizational tools so teens can begin to put in place an organizational system for important papers and documents.

four quarter\$ young adults is aimed at older teens (grades 10 to 12) who are beginning to make the transition from high school to independence. It is designed to teach and promote financial literacy, effective money and document management skills and support career development. As they move onto the next phase of their lives he kit will continue to provide an invaluable road map to achieving their goals and realizing their dreams.

*“ Motivation is what gets you started.
Habit is what keeps you going”*

(Quote: Jim Rohn)

When you give our kits to your children you provide the motivation to get them started on the road to learning how to managing their money. The habits that are acquired from sticking with it will move them towards financial independence giving them the ability to live the lives they really want. Taking charge of your money brings empowerment.

All our kits are now available.
