

Simple. Effective. Invaluable.

Teaching financial literacy to children one \$tep at a time

Launching your grad!

Who is this workshop for ...

Parents, grandparents or close family friends who want to learn how to mentor and guide a young person as they move through grades 11 and 12 and prepare to take their next independent steps.

Overview of class ...

Do your grads have a plan and do they have the means to make that happen?

Do they know how to manage their money?

Do they know which documents they will need and where to find them?

As the young person in your life moves through Grades 11 and 12 learning money management and organizational skills will help them as they get ready to take their next independent steps. Perhaps they are planning to go to university or leaving home for the first time.

Help your grads achieve a successful launch.

Anticipated learning outcomes ...

You will learn tips, techniques and strategies that you can use right away with your grad to help them as they prepare for their future. You will help them learn to:

- manage their money
- spend wisely
- save and invest
- avoid bad debt
- organize their important documents

You will help your grads build self-confidence as they make this life transition.
